CHICAGO, May 24.—An effort was made at the meeting of the National Commission today to have the Sunday-opening question brought up again. Commissioner Hundley claimed that when the commission substituted the minority report of the Judiciary Committee for the majority report and minority report of the Judiciary Committee for the majority report, and then declined to adopt the recommendation of the minority report for certain amendments to the directory's Sundayopening rule, the majority report must come up for action. A heated discussion followed, and the matter was made a special order for tomography.

FAIR NOTES.

Almost Three-quar-ers of a Million of Peo-ple Have Paid Admission. CEICAGO, May 24.—[By the Associated Press. | People outside of Chicago are apparently beginning to realize that the World's Fair is really open, and business at the ticket offices, is be-ginning to fairly boom. Hotel proprie-tors, too, are realizing the fact, as their rooms are rapidly filling up. Since the opening day almost three-quarters of a million people have paid for admission to the "White City" and the attendance

to the fair arrived foday, and consisted of one French and one German party, and the managers say that more will come each week.

One of the features of the day was

the dedication of the Maine State building. Hon. H. C. Burleigh, president of the Maine Board of Mahagers, made an address defivering the building to the State, and Gov. Cleaves accepted it, in turn dedicating it to the uses of the proble.

Aside from the British and Canadian celebration of Queen Victoria's birthday, the center of attraction today seemed to be the German government building and the German exhibit in the Manufactures building.

WEATHER BUREAU.

The Report of the Recent Investigation of Its Affairs

WASHINGTON, May 24.—[By the Associated Press.] Asst. Atty.-Gen. Colby today made his report to the Secretary of Agriculture on the Weather Bureau investigation. He enters into voluminous details to sustain his conclusions that the system of management adopted by the Chief of the Weather Bureau, in addition to the ob-jection of being without authority of law, has resulted in relieving subordi-nate officials from responsibility and in the entire absence of business methods so noticeable in the general con-duct of the execution of work. The evidence shows that property of the Government has been taken from the bureau for private use, or illegally sold; that official theft and embezzle-ment have been discovered and prought ment have been discovered and brought to the notice of the chief of the bureau, but the offenders, with perhaps a single but the offenders, with perhaps a single exception, have never been punished, and many thousands of dollars' worth of public property carried on the official rolls is not to be found in the bureau and it cannot be accounted for. It further appears that there is a lamentable lack of harmony in the relations existing, between the there is a lamentable lack of harmony in the relations existing between the different officials of the Weather Bureau. In conclusion Colby makes this significant suggestion as to the powers of the Secretary in the premises. The act of Congress making appropriations for the Weather Bureau for the fiscal year of 1893 contains a provision that the Secretary of Agriculture is authorized to make such changes in the personnel of the Weather Bureau for limiting or reducing expenses as he may deem necessary.

Kennedy created a furor by unfurling the Union Jack, under which he said, the grenadiers fought at Water loo, and under that flag, he continued, the Royalists would fight in Ulster, and he and many other officers of the British

army would assist them.

Lord Salisbury addressed the audi ence on the subject of home rule. He said the bill would probably pass through the committee stage, but the House of Lords held an impregnable position, representing, as it did, the Loyalists of England and Ireland. Public opinion must be kept alive to the dangers of this imbecile bill. He asked the men of Ulster to be flow them to resist such a surrender, not only for their own sakes, but in order to relieve the fame of England from black and irreparable disgrace.

Government Troops Were Badly Beaten is the Recent Battle GRANADA, May 24 .- By Cable and Associated Press.] Additional details of the decisive battle at Baranca Pass, near Massaya, show it to be even more disastrous than it was at first believed to be. Reliable data shows that the government's losses were 155 kfiled, 267 wounded. When the fight had ended Sacaza's troops filled three cars with wounded soldiers and sent them back to Managua. None of the revolutionists were injured. Thirteen to fight their way out to the position held by the insurgents, but were unsuccessful and were forced to retire. It was supposed this would end the fighting for the day, but two hours later the demoralized government forces, had demoralized government forces had been reformed and ordered again to attack. Scores of men fell on the battle-field. The assaulting columns were forced to retreat, and Gen. Baranca's

DR. BRIGGS'S ADDRESS At 3:15 o'clock Dr. Briggs arose to eply to the opening of the Prosecuting Committee and protest against the entertainment of the appeal by the General Assembly. Dr. Briggs went on to argue that the form of the appeal is incorrect, and that there are many things in it which must be removed before the assembly can entertain it. He also pointed out that matter is included in the appeal which, he said, rendered it invalid. "There is a much rendered it invalid. "There is a much more fundamental question at stake," said Dr. Briggs, "than any principle, law or doctrine that has yet been discussed, and that is, whether the Presbyterian Church shall be considered merely a voluntary religious society of the church of Jesus Christ. It is the civil law of the land that no the church of Jesus Christ. It is the civil law of the land that no man shall be twice tried for the same offense. Saving Up.

"Saving up" is an education in itself. Saving up for an education is good training for a child, much better than saving up for the money's sake or for the sake of spending the money on its selfish pleasures. And you know, if you have children, that it's just as easy to teach them to save in a good cause as in teach them to save in a good cause as in a bad one. Easier, for a child is very quickly interested in a good cause. You quickly interested in a good cause. You can make your children save up for their own education. The great thing is to get them interested. To a child properly handled such an education is a pleasure, not a task. The reason children are not, as a rule interested in dren are not, as a rule, interested in their studies, is because they are usually given several books on a few subjects. given several books on a few subjects. He is about to step into the position vacated by George Gould as the head of the Pacific Mail Steamship Company. With its Panama inter-rela ions severed, this company has a lot of steamships on its hands and nothing much to do with them. When the Colombian Steamship Company, which is the name of the which the the name of the concern which the Panama Railroad intended should supplant the Pacific Mail, began to look for hips, it applied to C. P. Huntington for the ships of the defunct Brazil line, which he still controlled, and in the dicker to pass over the ships. Mr. Huntington placed himself in a position to control the line. He entered into negotiations with Receiver Monchicourt, liquidator for the Panama Canal Company, which holds a large majority of the Panama Railroad's stock, and it is the Panama Kaliroad s stock, and it is expected will soon come out with some sort of a purchasing option, putting him in control, since it is considered certain that M. Monchicourt would prefer to deal with an active railroad millionaire than to continue the dummy board of directors now in charge of the Panama road under M. 'Monchicourt's orders. ### STOLEN DIAMONDS.

The Police Have a Slight Clew to the Woodworth Robbery. The police have at last obtained a clew to the Woodworth diamond mysterv. It is a slight one, to be sure, but it is, nevertheless, a clew. It has been several months now since the precious stones, to the amount of \$7500, were stones, to the amount of \$7500, were stolen from the Woodworth residence on San Pedro street. The diamonds were simply found missing, and not the slightest trace of the bold "lifter" could be found by the detectives or counts be found by the detectives or officers, look as hard as they might. Only a few days ago an individual, who is supposed to know, dropped a pointer which the police will proceed to follow up. This man said that a crook, whom he knew and who was sent up last week to State's prison for petty larceny with a prior conviction charged against him, was undoubtedly the guilty party, as he had fold the former but a week before the robbery occurred that there were lots of diamonds in a house on San Pedro street which could be had for the trying. Now the officers will be on the watch for the convict when his term expires, and watch his movements very closely to see if he does not visit a "plant" somewhere about the city, having now good reason to believe that the diamonds are hidden here.

Landed in Jail.

Harry Hayes, a female impersonator, was arrested last night and taken to the County Jail. Hayes had just come down from Bakersfield to fill an engagement at a dime museum in his accustomed rôle, but it appears that he obtained some money under false prefenses up at the Valley City, and for that crime the efficers wired here for the response of the following the response of the world is a sphaltum works which are situation for the sample. The county for the crime the efficers wired here for the world is a sphaltum works, which are situated or the county of the crime the efficient wired here for the world is already extensive plant and make asphaltum on a large scale. officers, look as hard as they might Only a few days ago an individual, who is supposed to know, dropped a pointer which the police will proceed to follow up. This man said that a crook, whom he knew and who was sent up last week to State's prison for petry largery with a prior conviction.

Talk of a New Daily Paper -Abrupt Ending of the Chinese Case. of the Chinese Case.

Rumors of the establishment of a new local paper are again afioat, this time bearing the imprees of truth. Public opinion seems to be divided on the question of whether or not there is a field here for a new paper. Those who think there is say that a new morning paper would succeedbest, for the reason that the Independent, the local evening paper, has improved 100 per cent. In the last six months, and because the morning daily has lapsed in the same period into "inocaous desuctude." It is possible that their criticism in the latter respect is too severe, but Republicans here say that if a live Republican daily would start up and have both ideas and courage enough to express them it would receive a hearty support. Democratis say that we have two exponents of Simon-pure Democratic daily. So the apparent opening narrows down to an opening for a live Republican morning daily, and if the present prospectors in the news field don't start one the next campaign will very probably bring forth a live party organ.

VERACIOUS CELESTIALS.

The case of the people, i. ε., Chinese highbinders. vs. Ab Ying, a comely Chinese
maiden who ran away the other day from
her owner, Louie Foy, took all day in the
Justice Court before Justice Ganmill to-VERACIOUS CELESTIALS. Justice Court before Justice Gammill to-day. The courtroom was crowded with in-terested Chinamen who listened to the un-blushing effrontery of the prosecuting wit-ness. Louie Foy, as he told of the alleged embezzlement of his (\*) jewelry. The real cause of Ying's flight was that she is the wife of a Los Angeles highbinder, who loaned her to Louie in payment of a debt he owed to Louie. Ying tired of her bond-age and started to "Flisco," but the vig-ilant Louie brought her back in short order.

order.

One of the Chinese witnesses on the stand today, in answer to a question by Ying's attorney as to what way the court coul swear the Chinamen to make their evidence truthful, said: "No way; swear 'em over grave, swear 'em by out chicken's head off, swear 'em on Bible, allee same; tell lie anyway." And the evidence certainly bore out this shrewd remark of the disciple of Kong firste.

The anyway. And the evidence certainly bore out this shrewd remark of the disciple of Kong-fu-tse.

The case was ended Wednesday evening. The prosecution told a well-concocted story, which the woman's attorney could not shake on cross-examination, but the fabrication did not go with the justice, who dismissed the prisoner. She went away with her attorney, guarded by two policemen and followed by the disgruntled highbinders, who swear they will get the woman away and put her back in the brothel here, of which she was an immate. She is being closely watched by both parties, and there may be a collision.

MORE WATER.

was organized by citizens here to obtain an increased supply of water for Santa Barbara, has employed Mr. La Rue, an experienced well-borer, to sink a shaft on a hill one-half mile east of the Oliver place in the Hawley tract. The well is now down sixty feet. Dr. Crandall, who has been very successful in locating subterranean streams, pointed out the spot in which to sink the shaft. If water is found a tunnel will be run from the edge of the which to sink the shaft. If water is found a tunnel will be run from the edge of the bluff to tap the stream. Water was struck when another well was bored on the foothils back of town by the Mountain Water Company, but the depth was too great to run a tunnel in. If the present well proves to be a success, Santa Barbara's water supply will be greatly increased.

CIVIL-SERVICE EXAMINATIONS Announcements have been posted in the postome of a civil-service examination to take place on July 1 of applicants for the positions of clerk, stamper and mail carrier. The notice says that appointments will be made with entire impartiality and on the basis of emiclency, ac shown by the examination, and without regard to the political views of the applicants, but you litical views of the applicants, but you can't make the Republican boys around here believe that the successful ones will not be Democrats.

THE evil fates seem to have made a dead set against the inventor of a perpetual-motion machine at Columbus, O., one day last week. His wife ran a rusty nail into her foot and was threatened with lockjaw. An hour later a son, playing in the attic, fell through plastering, broke the dishes in the dining-room and suffered severe cuts and bruises. Shortly afterward another son fell into an excavation and broke one of his legs. Probably the climax of misfortunes will be reached when the perpetual motion fails to work.

One of the police judges in San Fran cisco sentenced a vag, the other day, to four months' imprisonment, and, as the prisoner was leaving the dock, he swere a little to himself softly. But the acute ear of the magistrate caught the soft swear, and he called the man back and added two months to his sentence, making it an even half year, This strikes us as a rather severe way of maintaining judicial dignity by jumping upon a man when he is down. Hence it is of the utmost import ance that the air of towns and cities be kept pure. It cannot be done if there is een twentieths of the stock. That is soil and water in which the germ may thrive, nor if the dried secretions from patients or infected clothing are per mitted to go into the air. It is possible, he adds, to so care for the cities and towns that this liability will be greatly removed, but this care is impossible breeding grounds are maintained. the worst possible of all breeding grounds are those where decaying vegetable matter is deposited. Once let the cholera germ plant itself in these, and it is almost impossible to eradicate it. stroying the possibility of germ life in filth pits, sewers and drains, is the necessity for so disposing of garbage which is most largely vegetable matter, that it cannot receive and foster the cholera germ. proper one to buy.

Each of these three gentlemen gave a somewhat technical explanation of the manner of the working of the engine

A recess was then taken until nearly o'clock, and after finishing hearing the enginemen, the hose men were heard, and ex-Chief Walter F. Moore heard, and ex-Chief Walter F. Moore appeared as the representative of W. T. Y. Schenck of San Francisco. He urged that the "Paragon" hose was the best. It was in use in various cities, and was giving good satisfaction. He had not importuned any of the members of the committee to accept this bid, and asked that the committee sequid also take into account

Alexander Russell, representing R. R. Brown & Sons, was the next to be heard, and he urged the superior merits of the "Baker fabrio" hose. There was, he said, a quantity of it in use at present in the city, and it was wearing well. He referred to the fact that R. R. ### THE SUPERVISORS.

The Board Finds That There is Some thing in a Name.

Residents of Lankershim School Distric Object to a Change-The Outside Deputy Question Further

The Supervisore came to the conclusion yesterday morning that there was a great deal more in a mere name than they at first imagined. The minutes of they at first imagined. The minutes of the previous meeting had hardly been read when a delegation of country folk and legal gentlemen filed in and arranged themselves when various attitudes as if they expected to take part in some affray or other which no one at that moment knew anything about. That their looks did not belie their intentions was confirmed in the rehearing in tions was confirmed in the rehearing in the matter of changing the name of the Lankershim school district to that of Toluca was called. Several weeks ago the board received a petition asking that such a change be made and there being no protests it was granted. Since then the inhabitants of the district af fected have risen up in large numbers and demanded that the old name be retained and upon this request retained and upon this request the rehearing was ordered. The board spent just about two hours and a half in listening to the arguments, which were worthy of a cause involving life death, finally putting a stop to the miniature tempest by taking the matter

under consideration Adams, Intry-second and San Fedro, Thirty-third and Figueroa, Ninth and Alvarado, Ninth and Holmes, Eleventh and Burlington, Seventh and Union avenue, Temple and Brent, Temple and Casco, Washington and San Pedro, Second and Alabama, Arnold and Bisel, Washington and San Pedro, Second and Alabama, Arnold and Bisel, Washington for the standard of the context of of the cont question from the standpoint presented uestion from the standard in the opinion, but advanced no new irguments in its support. On the other and, Judge Cheney covered the ground arguments in its support. On the other hand, Judge Cheney covered the ground in defense of the Sheriff's position by reviewing the points in such a manner as to show the economy of the present system. This matter, like the one preceding, was also taken under advise-ment. As the District Attorney has refused to pass favorably upon the demands of the outside deputy sheriffs, the future course in the matter will undoubtedly now be for the board to allow one claim of such deputies, then the District Attorney will enjoin the Treasurer from paying the demand and urer from paying the demand, and a test case will result. Should the deci-sion of the court be adverse to the al-lowance of the demands, it will be diffilowance of the demands, it will be diffi-cult to tell just what the outcome will be. In intent it is supposed that the opinion suggests the idea of having the Sheriff pay from his own salary for out-side help if he needs it, but this belief s pronounced fallacious, as the law provides that the Board of Supervisors shall allow to the several county officers snail allow to the several county officers such help as they may need for the speedy and economical carry-ing on of the business of their respective departments. Hence the conviction presents itself that, if the outside deputies are cut off, the Sheriff will be obliged to do only such busines. as he can with his crippled force, leav-ing a great bulk to accumulate at vast expense to the county, and he cannot be compelled to hire help at his individual

expense.

If the order is put into effect depriving the office of its full quota in order that expenses may be reduced, it is also hinted that some such similar rule will hinted that some such similar rule will be inaugurated to reduce also the expense of the District Attorney's office, the deputies of which are now being paid up to the full maximum limit allowed by law. This is merely a rumored statement, however, and has no authorities are the statement of the Supervision. ity as yet from any of the Supervisors on motion of Supervisor Francisco it was further ordered that the report of viewers on the Norwalk and Puente Mills road stand approved.

Reports Presented by the Various County Superintendents.

Progress of the Work in Los Angeles County.

Annual Address by the President of the Association, Mrs. N. P. J. Button of Riverside—General Routine Business.

The State Convention of the W.C.T. U. held an all-day session in the audi-ence-room of the Temperance Temple yesterday, which was very largely at tended throughout the day. The devotional exercises at 9 o'clock

were conducted by Mrs. M. E. Dyer of

The reports of the State corresponding secretary, Mrs. Mary E. Garbutt of Los Angeles, and State treasurer, Miss Kate C. Morrison of Los Angeles, were also read, and after the transaction of some miscellaneous business, a consecration service was led by Mrs. Ferguson, and at its close the convention adand at its close the convention ad journed for the noon hour.

The devotional exercises of the afternoon were led by Mrs. Higgins of Santa Barbara.

Mrs. Emma Cash, president of Los

Angeles county, then made a most in-teresting and encouraging report of the work accomplished during the last the work accomplished during the last year. There are now thirty-seven unions in Los Angeles county, ten new ones having been formed during the past year, and a total membership of 970. Seven lecturers have been employed during the year, including Mrs. Mary Clement Leavitt, Mrs. Helen Bullock, Maj. and Mrs. Scott, Miss Jennie. Smith. Four of these unions have head Smith. Four of these unions have head-quarters of their own, and there are more copies of the Union Signal (the official organ of the W.C.T.U.) taken than ever before; with an increased earnestness in all departments. Fi-nances are in good condition and bills all paid. The hardest work of the year

all paid. The hardest work of the year has been the raising of the debt on Temperance Temple, but through the zeal and earnestness of these faithful women the amount has been pledged. Santa Monica nnion has had a gift of a house and lot, which is to be used as a restaurant for the accommodation of those who can only spend a few days at those who can only spend a few days at the seashore at small expense.

At Redondo the reading-room is on the wharf, and religious services are held every Sabbath. At San Pedro they have succeeded in closing up the worst places of vice in the town. Pomona is the banner county in the number of temperance papers taken, and has two Loyal Temperance legions

moving along without friction, and doing better than ever before.

Maj. Scott was then introduced, and spoke words of cheer and encouragement, as did also Rev. Dr. Garton, the representative of the Children's Home ociety, who has been laboring on this Coast for the past eight months. This society looks after homeless and destitute children and places them in good homes, and already the demand for these children is more than the society

can supply.

Rev. Dr. Bresee was also introduced, and made a few remarks, which were

nost helpful.

Next followed the reports from the presidents of the various departments, as follows: Evangelistic work, Mrs. A. B. Southwick. This work comprises twelve or fifteen different departments, including prison and hospital work, flower missions and work among railroad men and lumbermen. Railroad work, Mrs. E. M. McLeod. During the recent visit of Miss Jennie Smith, railwork, Mrs. E. M. McLeod. During the recent visit of Miss Jennie Smith, rail-road evangelist, a temperance organization of thirty members was formed in the shops on San Fernando street. In the educational department, Mrs. Emily V. Wright, president of scientific temperance instruction work, read an encouraging report, and, as San Diego county has reported the best work along that line during the year, a beautiful white silken banner, handsomely painted and suitably inscribed, was presented by Mrs. Button, president of the convention, to Mrs. Whitmore, the representative of that county, who, in a few graceful and grateful words, acrepresentative of that county, who, in a few graceful and grateful words, accepted it in behalf of her county. This banner is to be passed around each year to the county which reports the best work for the year.

### WEATHER AND CROPS. The Regular Weekly Bulletin for South

Following is the regular bulletin of the Government Weather Bureau for Southern California for the week end-ing May 22:

ing May 22:

The weather was generally clear, with a deficiency in temperature during the first part of the week and an excess during the latter part, which was very warm, with drying desert winds. The highest temperature at Los Angeles was 90°, and at San Diego 88°. No rain fell and none is now desired, as a large inmount of hay is on the ground and harvesting will begin early next week. The heports continue to show bright prospects for the deciduous fruit crep.

The Grocer states that ten or more carloads a day of fresh vegetables are being shipped from Southern California to the East. These shipments include green peas, string beans, asparagus, tomatoes, celery and cabbage. This business is yet in its early stages, and may be expected to grow to a very large and profitable one. Reports in detail are as follows:

Santa Barbara county—Santa Barbara city: The outlook for the fruit crop of the county is very good. The prune yield will be large, and apricots about two-thirds of a crop, but the size and quality of the fruit will be good.

Ventura county—Bardsdale: Corn is up

and is looking well: beans are all planted: the new potate crop does not yield as well as promised; general conditions favorable to crops; the weather has been warm. Saticoy: Barley is looking well. Somis: The hills are dotted with hay cocks; good crops are reported by all. Fillmore: There is a good prospect for crops. Hueneme: Barley is nearly five feet high; corn is in fine condition. Simiapolis: The harley is a good prospect for crops. Hueneme: Barley is nearly five feet high; corn is in fine condition. Simiapolis: The barley crop will be large this year; a yield of 30,000 sacks is expected; the honey crop is

good.

Los Angeles county—Pasadena: The weather was warm and clear; pears are setting heavily; apricots are short, but of good quality; peaches are heavy; prunes have set heavily, walnuts will be a good crop; haying continues, the crop is generally good. Duarte: The week was warm and clear; fruits are growing nicely and haying is about over; the crop is not heavy, but good. Pomona: The prune crop will probably be heavier than last year; pears and peaches never looked better.

San Bernardino county—Ontario: The

year; pears and peaches never looked better.

San Bernardino county—Ontario: The week was warm and dry, favorable for harvesting: fruits are developing rapidly; prunes and peaches promise well; oranges are setting well; Monday was the warmest day of the season, temperature 95°. Chino: Barley hay is nearly all cut, and is turning out better than expected; sugar beets are growing rapidly, vigorously and give promise of a heavy crop. Redlands: The indications are that apricots will be ripe enough to ship in about ten days.

Riverside county—Riverside: A very large crop of hay is now being harvested. A brisk "norther" prevailed on Sunday. Highest temperature, 87.5°. South Riverside: The young orange groves have yielded quite an amount of fruit this seavon.

yielded quite an amount of fruit this season.

Orange county—Anaheim: The week was cool, except on Monday, when a hot,
east wind prevailed, doing very little damage. The sugar-beet fields promise a very
good crop. Fullerton: Harvesting will
begin Monday on the San Joaquin ranch
it is estimated that the crop will be 500,
000 sacks. Orange: About 15,000 boxes
of oranges were shipped North and East.
Santa Ana: The cabbage crop, the largest
ever produced, has nearly all been shipped
East at prices in excess of what was antic,
ipated. The hay and grain crops are very
large. Oranges have nearly all been
shipped. Tustin: The grain harvest will
begin next week; the acreage is the largest
ever known. Orange shipments continue.

well.

San Diego city—The weather during the week was generally favorable to crops, but higher temperatures are desired. The outlook for crops was never better, except for grapes; many farmers have not cultivated this year, as there is no money in them.

### TUG-OF-WAR.

The Second Series Witnessed by a Large Crowd.

In Exciting Pull Between the East Side and the Electric Teams, Lasting Two Hours - Other Contests.

The second of the tug-of-war series at Armory Hall last evening was at-tended by a much larger and, if pos-sible, a more enthusiastic audience than was present at the opening night. The management had things in much better shape, and there were no hitches in the programme. Almost half of the audience was of the weaker sex, and were just as eager in their demonstrations as

As the various teams filed into the hall and took seats in different parts of the house the friends of each start the cheering afresh. The Cana-Francisco dian team from San occupied seats in the hall and were the "cynosure of all eyes," as well as the subjects of much "sizing up" by the friends of those whom they

are to meet tonight.

The first pull of the evening was be-The first pull of the evening was between the East Los Angeles and Electric teams. It was a most exciting contest, and from the moment of beginning to the very last second, a period of almost two hours, the excitement was intense. At the crack of the pistol East Los Angeles gained about six inches, then the Electrics recovered some of the lost ground. The rope some of the lost ground. The rope then remained steady for a few mo The rope then remained steady for a few mo-ments, when East Los Angeles again pulled the ribbon toward them. For about half an hour the East Siders then, inch by inch, got the best of it, and were literally within an inch of victory when the Electrics became im-bued with new courage and steadily pulled the rope back to the starting point. Almost an hour had now elapsed since Almost an hour had now elapsed since the start, and both teams were beginning to show signs of fatigue. But the two captains kept on encouraging their men, and a piece of lemon or a sip of water, once in a while, was sufficient to cheer up their drooping spirits. With fresh sustenance there was additional tresh sustenance there and more pro-strenth and harder and more prostrenth and harder and more pro-longed pulls. Meanwhile, the dif-ferent friends and acquaintances of the individual contestants gave vent to their overwrought feelings which was also no unimportant factor in the result. Then the tide began to turn and the East Siders began to have things their own way again. Little by little the red ribbon moved in their direction until at exactly 10:35, the pistol cracked again and East Los their direction until at exactly 10:35, the pistol cracked again and East Los Angeles was declared victorious. The time was 1:58:40.

An intermission of about ten minutes occurred, when the Pacific and Seventh Regiment teams took and Seventh Regiment teams took their positions on the platform. At 10:43 the pistol was fired. A long pull, a strong pull, and a pull all together, and the soldiers had the long end of the cable. This contest only lasted twenty seconds, and was the shortest of the series so far. The Pacific team is composed of good men, but they are no match for the picked tuggers of the Seventh Regiment.

The last pull was also short. The Young American and Spanish teams took their places, with the fire of determination in their eyes. The Young Americans outpulled the Spanish team in just 55 seconds.

### THE COURTS.

Steps Taken to the Arrest Unregistered Chinamen.

The Complainants Await the Action of Judge Ross.

A Suit to Enforce the Conditions of a Railway Franchise.

Another Day of the White-Thompso Suit for Damages-Orders Made in the Probate Court-New Suits.

A great many people looked for the first move to be made yesterday in the matter of arresting unregistered Chinese, but the expected failed to happen, and it is exceedingly improbable that anything further will be done until more definite orders are received from Washington.

Several white cooks who are out of employment appeared with an attorney yesterday morning at the office of the United States District Court and repre-sented themselves as desirous of swearing to complaints for the arrest of a number of Chinamen, who, they claimed, were without certificates and who occupied salaried positions to the exclusion of themselves. All that Commissioner Van Dyke, in the absence of Judge Ross, could do was to swear the men to affidavits, and ten of these were

men to affidavits, and ten of these were duly drawn up.

The purpose of the men was then to wait the appearance of the Judge and present the affidavits with the request that warrants be issued. It is another question as to whether or not the Court would consider it his duty to so do, and the general opinion is that he will take no action at all in the matter. Just why this course is taken by those who wish to push the enforcement of the law is explainable from the fact that the latest orders to the United States marshals advises that they make no arrests explanable from the fact that the latest orders to the United States marshals advises that they make no arrests unless by order of court, hence it is manifestly necessary that before Marshal Gard can assert his authority the Court must issue some orders in that respect. That the Court will conceive it his province to take the initiative is a matter of conjecture. The complainants in the sixteen cases are members of the Federated Trades. They hung around the corridors waiting for Judge Ross to return yesterday until nearly 5 o'clock, and when they learned that His Honor would not appear until today took their departure, promising

nearly 5 o'clock, and when they learned that His Honor would not appear until today took their departure, promising to come back this morning. The form of the affidavits as drawn up and sworn to in the sixteen cases is as follows:

Comes now John Doe, who, being first duly sworn according to law, deposes and says that Ah Sam, whose true name is to the affiant unknown, was on the 5th day of May, 1892, a Chinese laborer within the jurisdiction of the United States, and entitled to remain in the United States. That the said Ah Sam did not within one year after the passage of an act of Congress, entitled "An act to prohibit the coming of Chinese persons into the United States," apply to the Collector of Internal Revenue of his district for a certificate of residence; that at all times since the passage of said act of Congress the said Ah Sam has neglected, failed and refused to comply with the provisions of said act of Congress, and that the waid Ah Sam, one year after the passage of said act of Congress, has been found and now is within the jurisdiction of the United States District Court for the Southern District of California without a certificate of residence, as in said act of the United States in such case made and a certificate of residence, as in said act provided, contrary to the form and statutes of the United States in such case made and provided, and against the peace and dig-nity of the United States.

TO FORFEIT A FRANCHISE. South Pasadena is only a city of the sixth class, but her citizens are ever on the alert in watching their interests and taking care that they get what they bargained for and that in full measure, and to this spirit of vigilance measure, and to this spirit of vigilance is attributed the cause of a suit which came up before Judge Shaw yesterday for hearing, whereby it is sought to compel the Terminal Railway Company to relinquish their franchise or fulfill an agreement entered into by its predecessor. In the month of July, 1889, the City Trustees of South Pasadena answed an ordinance granting to the passed an ordinance granting to the Los Angeles, Pasadena and Glendale los Angeles, Pasadena and Glendale Railway Company a franchise for the construction and operation of a steam railroad along the public streets of the city on condition that so much of the route as was not upon a public street would be acquired regularly. Also that the company in return should grade certain avenues under direction avenues under direction of the Board of Trustees, and do other things looking toward the convenience of the public. Still further, that the round-trip fares between any stations named in the said city and the business center of Los Angeles city, on the line of the Los Angeles Cable Railway, should not exceed 30 cents, including the round-trip fare of the cable railway, and that single fares between any of the stations and the depot of the grantee or its assigns in Los Angeles city should never exceed 20 cents. The franchise was granted upon each and all of the provisions and conditions named, with the understanding that in event of a nonof the Board of Trustees, and do other granted upon each and all of the provisions and conditions named, with the understanding that in event of a noncompliance with the conditions, the ordinance should be rescinded and all rights forfeited. The Glendale company duly entered upon the premises only which the right-of-way was secured as covered by the route of franchise, and on December 26 they sold to the Terminal all of such rights and privileges. The Terminal company, however, so the plaintiffs claim, did not observe the various conditions, and not only refused to run the requisite number of trains on Sunday, but raised the fares in excess of the rate fixed. It was therefore prayed that the defendant be required to run twelve passenger trains each way every day between the cities of South Pasadena and Los Angeles, or that they be forever enjoined from operating the road through such portions of the plaintiff city as the franchise granted gave them right. The defendant's counsel moved for a non-suit, which was denied by the Court. Evidence was then introduced, when both sides rested their cases, and a continuance was ordered.

A \$6000 FORECLOSURE SUIT.

A \$6000 FORECLOSURE SUIT.

The suit of P. McAnarry vs. Eugene Torry, California Central Railway Company et al., on foreclosure of a mortgage to obtain payment for a balance unpaid of \$6000, was on trial in Deunpaid of \$6000, was on trial in Department Two yesterday. The original mortgage was dated January 3, 1887, and was for the sum of \$19,000, in security for which a certain tract of land was offered and the mortgage executed against the same. From time to time different amounts were paid on the principal and accrued interest until there finally remained the \$6000. Judgment was asked for in that sum with interest at 8 per cent. per annum.

This case was resumed once more before Judge Van Dyke yesterday afternoon. One of the peculiarities of the cause is that it admits of a considerable variety of expert testimony being introduced from that of the civil engineer to contractor and builder. One witness yesterday talked about the velocity of the wind, and told how many miles an hour it traveled under certain circumstances and at particular times, but a conclusion was not reached.

Court Notes.

A decree to quiet title was granted M. A. Rooney yesterday in an action against W. F. Rooney.

The cause of Halstead vs. the Union Oil Company was continued for the session by Judge Wade yesterday.

In Judge McKiniey's court the cause of John Kofoed and wife vs. S. B. Gordon and J. F. Cosby came on yesterday, regularly, for trial, the action being to have a trustee declared and an injunction issued restraining the defendants from transferring property.

C. H. Humphreys recently commenced suit against John Hunt to recover the sum of \$535.03 with interest at 12 per cent. The plaintiff alleged that between December 1, 1890, and December 1, 1891, the defendant, who is a contractor, bought lumber and building material to the amount of \$758.26. He never paid but \$245 on account, and therefore a difference remained of the sum specified by the increase of other bills.

TE are anticipating some very great changes in the interior of this house to conform with the large increase in trade. We are arranging for a great surprise. The energetic, go-ahead, business house must be up and going or some one will step in and take the trade. The past two years has seen a wonderful change in the trade of this house. Every month we have been gaining. Day in and day out more goods have been coming in and going out. We have been placing the class of goods more on a popular basis. Nothing trashy. No extreme novelties. A happy medium, and the trade has been bounding upward. Thousands buy the medium class of goods—the few the finer. We seek the popular trade. We make no pretenses for high-class novelties—don't carry them—don't want them. We want the trade of the thousands. We want the trade of those who pay cash. We do no false advertising. What we say in an cash. We do no false advertising. advertisement is literally carried out. We make no excuses. Our word is as good as our bond. Deception is lying. Dress goods trade doubling up. Cloak trade showing large gains. Corsets and muslin underwear increasing day by day. Letting the light shine on a popular basis for doing trade. Making no pretenses that are not carried out. We cut and fit capes for all who buy their materials here. Selling three-fourths of all the capes sold in this city now. A big lot of new capes, new styles, new materials, on sale today—new—never been shown before. We are up and doing. Keeping what trade we have and adding to it. We sell Royal Worcester Corsets. —a disordered liver—that you're subject to attacks of cold or chills on slight exposure. You get "tired" easily. The feeling is accompanied by a "tired" digestion, which fails to assimilate the food. This often results in what we call Indigestion or Bihoueness.

Dr. Pierce's Pleasant Fellets rouse the liver to vigorous action, and this in turn starts the machinery of the body into activity. Liver, stomach and bowels feel the tonic affect, and in consequence the entire system is invigorated. The processes become self-regulating, and a reserve force is stored up against exposure to disease.

If you're too thin, too weak or nervous, it must be that food assimilation is urroag. This is the time to take Pleasant Pellets. They permanently cure Constitution, Sour Stomach, Dyspepsia, Sick or Bilious Headache, Dizziness and Jaundice.

# Teach Your Children Economy

FOR THAT NOBLEST OF ALL PURPOSES,

Economy for the Sake of an Education

This Beautiful Dime Savings Bank is Presented to all Subscribers of THE TIMES Edition of the Encyclopedia Britannica.

ABRAHAM LINCOLN, when about to leave his old home after having attained the highest honors a grea nation could bestow, closed an address with these words:

"Neighbors, give your boys a chance." These are days of exacting competition, days when moral courage and brain power count, days when there can only be a survival of the men who are mentally and physically the fittest. Fathers, qualify your boys for the battle they must wage in the world's great arena. The day must come

when their chairs will be empty by your fireside and they will be out struggling alone in the world with only their merit to aid them. You, mothers, know the pride you have in your sons. You know that deep down in your hearts there is a well of tenderness and of love for even the erring one. You know, as all the world does, that his success is heaven

to you, and his failure a heartache keener even than his own. What, then, should you do? In the words of Lincoln, "Give your boy a chance." Give him an education that will fit him to cope with the best. Teach him to love his home, and teach him that in it he will find civilizing and educational influences. If he has been to college don't let his education stop there. If he has not enjoyed the advantages of a good education encourage him now. He may be smart naturally, but if he has nothing but his natural talents to help him there will surely come a time, just as he is mounting highest, when

this lack of education will handicap him grievously. The time to remedy this is the present. In the magnificent edition of the Encyclopedia Britannica now of-

fered by THE-TIMES you will have a library fully the equal of any in the land.

It will cost you but ONE DIME A DAY to own it. Even the little bank, in which you may each day place the dime, will be presented to you. Take it to your home. Your children will see the dime dropped in each day, and when in the place of the little bank is found the great, handsomely bound twenty-five volumes of the most valuable educational work in the world, you will have taught them an object lesson in the value of economy, as well as in education, that will bear good fruit. Try one volume of the Encyclopedia. THE TIMES vouches you will get the other twenty-four volumes.

Bear in mind that this edition is in twenty-five large quarto volumes, each separate volume revised to date, with an entire equipment of new maps up to date, making it superior even to the great Edinburgh Edition, which costs \$8.00 per volume.

On receipt of ONE DOLLAR we will forward to any subscriber the complete set of twenty-five volumes of our New Wide-margin Edition of the Encyclopedia Britannica, the balance to be paid at the rate of \$5 monthly; or we will send one half the set at once on receipt of ONE DOLLAR, and the balance to be paid at the rate of 10 cents per day, payable monthly. The remainder of the set will be sent promptly as soon as the first half of the set is paid for.

And bear in mind that this special offer will remain open

for a few days only!

A thunderbolt has fallen from clear sky

A thunderboit has faithen from clear sky in San Diego, and public opinion is a good deal shaken by it. At the meeting of the Board of Delegates Monday night, with every member but two present, Mayor Carlson introduced a communication of grave import, inasmuch as in it he proposes

to abolish numerous superfluous city offices and to relieve their incumbents from fur-

A committee from John F. Godfrey Pos

A committee from John F. Godfrey Post No. 93, consisting of John McDonald, George T. Downing and A. C. Drake, has addressed the board of trustees of the Pasadena School District with regard to Decoration day observance. It says:

"It is earnestly desired that your honorable body, and the teachers and publis in our public schools, should unite with the Grand Army of the Republic, Woman's Relief Corps, Sons of Veterans and Laddeshid Society, in the proper observance of Decoration day, May 30. The ceremony of decorating the graves in Mountain View Cemetery will commence at 10 a. m. Complete arrangements have been made with the Terminal Railroad Company to furnish the Terminal Railroad Company to furnish transportation to the cemetery and return as follows: School children, 10 cents each; all other persons 20 cents each Train will leave Terminal depot at 9:36

am. To which C. W. Buchanan and W. U. Masters, on behalf of the board, have replied:

This board, in reply to your letter, cartily approves of the suggestion, and do hereby request the teachers and pupils in all grades to unite with you in making a celebration of the day which will pay proper respect to the brave dead and give credit to our community."

Commander Barchus has also issued the following:

"Members of John F. Godfrey Post, G.A.R., and all ex-soldiers, whether members of the post or not, are requested to meet at the post room at 10 a.m., Sunday, May 28, to attend divine, service at the First Methodist Bipiscopal Church, and all ex-Confederate soldiers living in our midstare requested to meet with us."

Pasadena Knights of Pythias and their friends will join the San Diego excursion on May 30 in large numbers. The sale of tickets for the trip is in the hands of the Knights excutsively; none will be sold by the railway people. Special cars for the excursionists will be attached to the train leaving for Los Angeles over the Santa F4 47:07 o'clock on Tuesday morning, and these at Los Angeles become part of the special train made up of Knights from other points. Tickets are good for return on Wednesday, though the special train will come back on Tuesday, and those who go are free to make their own choice of time in returning. If one wants to join the excursionists he must either be a Knight or the friend of a Knight.

Horses cremated.

Reports have reached their friends here that Mr. and Mrs. William Mason have lost their house and barn, with all the contents by fire. The Mason ranch is at Rialto, and, as a result of years of hard work and careful calculation, it had been well-equipped and stocked. The origin of the fire has not been disclosed, but among the dozen or more horses that perished was the fine stallion for which Mr. Mason recently refused an offer of \$1200. No estimate of the entire loss is at hand, but it is total, there being no insurance.

It is also learned that Mr. Follett of this place had just sheltered a fine team, for which he paid \$300 a few days ago, in the Mason stable, and that his loss, like that of his host, was total. by fire. The Mason ranch is at Rialto, and, a

NEARING THE CENTURY AGE. The oldest inhabitant is a well recognized, though impersonal, character. His guises are many, and his age is usually uncertain. Altadena, however, now claims him, and is ready with data for a brief biography. William Wood, who lives upon and cares for the Miller ranch, is a hale and hearty son of England, now in his ninety-sixth year. As he says of himself, he was but a boy at 60, hence is in his prime now. He lives alone, for among the luxuries and conveniences which he has never permitted himself to enjoy may be mentioned to-bacco, liquor and wife. At 15 years of age he joined the Established Church in the country of his birth, and to it has ever remained faithful. Some years ago he immigrated to Canada, and from there he came to California some time in the '90s. The ranch he cares for contains ten acres, largely set to oranges and other fruit trees. Among these, and his flowers and vegetables, Mr. Wood works daily, and, as far as and endel. Among the features of public interest in the pending commencement season at Throop Polytechnic Institute will be a display of the practical results attained by students in the various industrial lines tonight. RIVERSIDE COUNTY.

Still Discussing the Location for the County

Offices.

The action of the Board of County Supervisors in reconsidering the matter of locating the county offices and accepting the
offer of the Arlington Hotel first floor, after having at a previous meeting accepted the old of the Y.M.C.A. and owners of the bid of the Y.M.C.A. and owners of the Fredricks and Loring blocks, has been almost the sole topic of conversation among business men for the past two days. When the combination offer was first accepted by the County Supervisors, the citizens naturally supposed the matter settled. But when there was presented to the board a petition for reconsideration of the action, signed by thirty-seven taxpayers, the whole supject was thrown wide open, much to the subject was thrown wide open, much to the surprise of everybody, and the agreement respecting the "combination" offer re-scipuled and one entered into with H. B. Ev-ercest for the Arlington. The argument-was advanced that the agreement entered was advanced that the agreement entered into the first time-was but a verbal one, and, as offers were now made by which a saving to the county of about \$100 per month could be secured by reconsideration, the board was justified in revoking its first agreement.

Those making the other offers and fail-

Those making the other offers and failing to secure the lease of their property are now pushing another reconsideration, upon the grounds that by so doing another saving of more than \$1000 can be made, and it is in the interest of the taxpayers to reconsider. The agreement in this case, as in the first, was but a verbal one, and by its action of Tuesday the Board of Supervisors established a precedent in the matter. The Park House proposition provided for about seventy-three hundred square feet of space, the Arlington for 8200 and the "combination" for 10,806, and the bids were for \$75, \$100 and \$95 monthly rental respectively, the first offering to give the Park House for the first year free of rent upon a five years' lease. Those wishing the proposition reopened again argue that's averbal contract can be broken upon petition of thirty-seven citizens, and the that a verbal contract can be broken upon petition of thirty-seven citizens, and the county be saved a large sum of money by so doing, it can certainly be recopened again upon petition of ten times as many citizens, with the assurance that another large sum may be saved to the county thereby. Indications are now that so much pressure will be brought to bear upon the Supervisors that they will be compelled to reconsider the question, and, if this matter can just be kept up, some one will be offering to pay the county offices.

SUNDAY CLOSING.

SUNDAY CLOSING.

A lively time was had at the meeting of the City Council on Tuesday, over the matter of Sunday observance. At the preceding meeting the City Attorney was instructed to draft an ordinance requiring all barber shops to be closed on Sunday, a petition having been submitted, signed by all the barbers of the city save one, requesting the passage of such an ordinance. One was presented by the City Attorney, as requested, in which a penalty of \$10 to \$50 or thirty days in jail, or both, was imposed upon offenders. Upon motion for its passage being made, a lively discussion took place, Trustee George Frost objecting very strenuously. He said that by the adoption of the ordinance the city was going back to the Connecticut blue law stage of our development, and it would be absurd for this enlightened city to attempt such a thing. He thought that butchershops, bakerles, restaurants and billiard halls might as well be included, and moved to amend so as to include them. SUNDAY CLOSING.

billiard halls might as weil be included, and moved to amend so as to include them. Trustees Kingman and White objected to the placing of restaurants in the list, and Frost withdrew it. But with all the discussion there was no second to Frost's amendment, and the ordinance was adopted as prepared by the City Attorney. The closing of the barbershops is strongly condemned by a few, but more seem to approve of the action.

The continued investigation in the case of the disappearance of C. A. Potter of San Jacinto shows plainily that the body found near this city a month ago is that of Potter. It will be remembered that Potter leith his home for Oregon with \$2500 to close a land deal, after which nothing was heard of him. The body has been twice exhumed for investigation, and was again exhumed yesterday, when the discovery was made that the body was positively that of Potter.

The average Riverside theater-goer is critical and discriminating. Although there was a fair-sized audience to see Maude Granger in The Fringe of Society, the disgusting and insinuating character of the play, together with the poor acting, caused a very large portion of those present to leave long before the termination of the play.

The School Board, in committee of the whoie, met in the City Hall Tuesday evening, with Messrs. Keech, Ball and Freeman present. Dr. Ball, as a member of the committee, introduced a motion to sustain Miss Crew in her suspension of Roy Reed and to dismiss the charges preferred against her. The following further business was then transacted: Both the High School and the grammar grade were each allowed \$10 more than the amounts previously granted them for incidental expenses in their graduation exercises. Superintendent McGinnis was directed to procure diplomas for the graduates.

Opinion Mo. 25 of the District Attorney in reference to the liability of the school board for the salary claimed by Mrs. Vina H. Goff since December 22, 1892, at which time she was summarily discharged by the board from its employ, without a hearing, was to the effect that said board was not liable for the amount and that Mrs. Goff, according to the facts as given him, was not entitled to the claims or demands made for her. Upon motion the opinion was placed on file. After which, by a unanimous vote of the board and in accordance with the opinion of the District Attorney, the demands for salary from Mrs. Goff from December 22, 1892 to the present time, were rejected.

CRIME AND CRIMINALS.

A Burglar Pleads Guilty to Two Charges— Accused of Embezzlement. H. Curran was brought before Justice

Seaman yesterday on two separate complaints charging him with burglary. Both complaints were sworn to by De tective Benson, and one of them al-leged that on or about May 6 he entered the house of James Lacey, No. 233 East Fourth street, with felonious intent, and the other similarly states that he, on or about May 20, entered the house of Charles E. Johnson at No. 608 Banning street. A full suit of clothes was taken from each place, besides some other small articles, and the apparel was to be seen in Police Court yesterday. The defendant pleaded guilty, and was held to answer before the Superior Court.

Two warrants were sworn to yesterday against Nathan Jacobs, a saloonintent, and the other similarly states

day against Nathan Jacobs, a saloon-keeper, each of them charging him with embezzlement. It was alleged that he received \$40 each from two other saloon-keepers named P. Ballade and D. Fox, such amounts to be paid to William Firestone for Julius Kessler & Co. of Chicago as a tax on whisky, and that he failed to do so.

he failed to do so.

A warrant was sworn out yesterday for the arrest of Meyer Briedenbach on the charge of perjury. Mrs. M. la Brun is the complainant, and alleges that in the case which came before Justice Austin's court last Saturday Briedenbach swore that a certain lease would commence on March 1 last and not on February 27. The complainant further February 27. The complainant further alleges that the lease really did commence on the latter date.

DANDRUFF FOR TEN YEARS. FRESNO, April 29, 1893.

Masses, Smith Brog., France, Cal.—Gentle-Men., April 29, 1893.

Messes, Smith Brog., France, Cal.—Gentle-Men., After, using one-bottle of Smith's Plandruff L'omade, I am pleased to st. te that I am charlet cured of dandruff, with which was troubled for ten years. I have paid out dollar after dollar for remedies recommended to me, but without any permanent effect, and your remedy is the only one that has perfected a cure. I found more benefit from three applications of your remedy than all others combined. I cheerfully recommend it to all having trouble with dandruff, regardless of how many years' standing. Yours truly.

### Shoe Dept.

Our sale still continues; while we must admit that we sometimes find difficulty in fitting every one who comes in to buy, still we do our best. That our shoes have been appreciated and eagerly bought needs no verification on our part. We have sold more shoes during this sale than all the shoe houses in this city put together in the same period of time. The shoes we have left will still be sold at the same wonderful low prices, but the sale cannot last much longer as the assortment will soon be so badly broken that we will not be able to fit one customer out of ten.
